

## **Compliance Information for the CJE Micro's Raspberry Pi Real Time Clock Module**

The Real Time Clock Module complies with the relevant provisions of the RoHS Directive for the European Union.

### **WEEE Directive Statement for the European Union**

In common with all Electronic and Electrical products The Real Time Clock Module should not be disposed of in household waste. Alternative arrangements may apply in other jurisdictions

### **European Union EMC Compliance Statement**

This product is in conformity with the protection requirements of EU Council Directive 2004/108/EC on the approximation of the laws of the Member States relating to electromagnetic compatibility.

This product is certified to comply with the limits for Class A Information Technology Equipment according to European Standard EN 55022.

The limits for Class A equipment were derived for commercial and industrial environments to provide reasonable protection against interference with licensed communication equipment.

Warning: This is an EN 55022 Class A product. In a domestic environment, this product may cause radio interference, in which case the user may be required to take adequate measures.

### **Federal Communications Commission (FCC) Emissions Compliance Statement:**

This equipment is certified to comply with the limits for a Class A digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference when the equipment is operated in a commercial environment. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instruction manual, may cause harmful interference to radio communications.

Warning: Operation of this equipment in a residential area is likely to cause harmful interference, in which case the user will be required to correct the interference at his own expense.

### **Australia and New Zealand Class A Emissions Compliance Statement**

Warning: This is a Class A product. In a domestic environment, this product may cause radio interference, in which case the user may be required to take adequate measures.

### **Industry Canada Class A Emissions Compliance Statement**

This Class A digital apparatus complies with Canadian ICES-003.

### **Avis de conformité à la réglementation d'Industrie Canada**

Cet appareil numérique de la classe A est conforme à la norme NMB-003 du Canada.
